HB 312

Dear members of the House Agriculture Committee:

The Westman Family would like to take this time to thank you for this opportunity to comment on HB-312. We strongly oppose this piece of legislation.

We believe that we need to treat wildlife as they are, valued wildlife and they should be managed by the Montana Department of Fish, Wildlife and Parks and the FWP Commission. Cattle should be treated as livestock and managed as such. This is a completely wrong approach for Montana to take.

We strongly oppose HB-312.
